#KNOWLEDGE AND SERVICES

The VVVF is working on the following four themes:

1. LEGISLATION

Changes to legislation and regulations can have considerable consequences. The VVVF therefore keeps members updated on the prevailing legislation and regulations and gives advice on the implementation of these. Members with specific questions can contact the helpdesk.

2. EMPLOYMENT

The VVVF is dedicated to realising a modern collective labour agreement with attention for flexibility and sustained employability. Working conditions and safety at work are also important priorities for the industry. The helpdesk provides answers to questions asked by members.

3. SUSTAINABLE ENTERPRISE

Sustainable enterprise is an important theme for the paint and printing ink industry. The VVVF acquaints its members with the various facets of sustainable enterprise and provides support with the implementation of this.

4. INNOVATION

The VVVF makes efforts to increase the innovative power of its members by forging links between the companies and research programmes, knowledge institutes and inspirational developments.

Members form the beating heart

The VVVF counts app. 80 member companies. These are paint and printing ink manufacturers and importers who operate on the Dutch market. Another 30 companies are affiliated with the VVVF; they are involved with the industry in some other way. These include wholesalers and suppliers of raw materials, machines and services. These companies employ in total more than 4,600 people.
